Index to Civil Engineering

JANUARY–DECEMBER 1956

Subject Index

AIRPORTS

New York International Airport to have new Arrival Building 776
See also Heliports

ALUMINUM

Aluminum output for 1955 at all-time high . 56
Large aluminum plant to be built in Ohio Valley 195
New aluminum plant to be built in Indiana . 409
"Welding of large aluminum structures," Ludwig Adams 660

AASHO ROAD TEST

"Large-scale highway research—AASHO Road Test," Fred Burggraf, W. B. McKendrick, Jr. 799

AMERICAN SOCIETY OF CIVIL ENGINEERS

Annual Report
Annual Report for 1956, new style 842

Awards and Prizes
ASCE Prizes and awards are announced by Board 473
ASCE Prizes to be awarded during Convention 687
British engineers honor Stevens Award winner 768
Daniel W. Mead Prizes given for essays on ethics 42
Freeman Fellowship for 1956 is open . . 41
Freeman Fellowship to be given in 1957 . 324
Mead Prize contest is in full swing . . . 183
New award honors Thomas Middlebrooks 261
Research Prizes to be presented at Dallas 109
J. Waldo Smith Hydraulic Fellowship increased 183
J. Waldo Smith Hydraulic Fellowship is available 840
New award honors ASCE Past-President Ernest E. Howard 698
Topic for new Daniel Mead contest announced 618

Badges
Society ring proposed 538

Ballots
Tellers canvass ballots for 1957 officers 538, 691

Board of Direction
Actions of Board at Knoxville meeting briefed 472
Board confirms new committee personnel 39
Board of Direction approves New York for E. S. Center 538
Dallas actions of Board of Direction briefed 180
Executive Committee meets in Atlanta . 42
New committee personnel 837
What the Board did at Pittsburgh . . . 761

Certification of Engineers
Sanitary engineers can now apply for certification 542

CIVIL ENGINEERING
1955 index ready 41
Department, "Am-Soc Briefs," started . 833
June 1955 issue is out of stock 260
Results of 1955 readership survey . . . 109

Issue 1956	Vol. Page Numbers
January	1– 74
February	75–146
March	147–218
April	219–288
May	289–356
June	357–432
July	433–500
August	501–570
September	571–644
October	645–724
November	725–794
December	795–872

Competitive Bidding
Bidding for engineering services—a neglected aspect, Russell C. Brinker . . 174
Discussion by Robert C. Wheeler . 392

Constitution
Index to Constitution 324

Directory of Membership
To be ready in June 260

Ethics, Code of
Amendment to Code of Ethics approved . 183
An improper use of the Society's name . 260
"Engineering ethics—can it be defined?" R. W. Cloues 92
Influence peddlers are at work 474

Films Available
Movie of "Heavy construction goes to sea—first Atlantic radar platform installed on Georges Bank," by Gordon F.A. Fletcher, available 324

Honorary Members
Five new Honorary Members elected and inducted 471, 684
W. M. Wilson honored by Research Council 260

Insurance
ASCE insurance plan offers better protection 474
Board committee commends Group Insurance Plan 41
Questions about ASCE Catastrophe Coverage answered 765

Joint Activities
AGC-ASCE Joint Cooperative Committee meets 323

Junior Members
"Junior Member organizations play valuable role," William J. Carroll 797
Watch your transfer privilege 691

Local Sections
Kansas City Section sponsors Hydraulics Conference 43
Local Sections sponsor large regional conferences 396
Local Sections support ASCE highway resolution 259
Pacific Southwest Conference at Pasadena, April 19–21 . . . . . 107, 184
Secretary Wisely visits Latin-American Sections 537
See also "Notes from the Local Sections" *in each issue*

Manuals
Revised manual on shell-roof design . . . 841

Meetings
Annual Business Meeting to be held in Pittsburgh, Oct. 17 . . . . . 259, 325
Dallas Convention, Feb. 13–17, 1956
Activities described 38, 62
Knoxville Convention, June 4–8, 1956
Activities described . . . 180, 261, 322, 468
Program 252
Annual Convention, Pittsburgh, Oct. 15–19, 1956
Activities described 478, 536, 540, 617, 619, 681, 692, 756
Program 605
Jackson, Miss., Convention, Feb. 18–22, 1957
Activities described 763, 834, 836

Membership
Short form for transfer available 840

Officers
Nine new officers inducted at Annual Convention 681

Official Register
Two names omitted from Task Force on Water Measurements 260

Presidents
"Highways of the future," Enoch R. Needles 501
Inaugural address, "Forty thousand heads are better than one," Mason G. Lockwood 725
Mason G. Lockwood nominated for President and inducted 473, 681
"Our exciting profession," abstract of Presidential Address, Enoch R. Needles 433
"Whooping cranes or whopping works?" Mason G. Lockwood 645

PROCEEDINGS
More information on Division Journals . 107
Proceedings of ASCE—a statement of policy 325
Proceedings papers available as Separates (*See listing and order blank in each issue*)
Technical Publications Handbook available 842

Public Relations
"Mind your language," Charles M. Bayer 539
"Ventures in public relations at Section level," V. G. Thomassen 844

Publications, Miscellaneous
ASCE restates its basic publication policy 838

Staff

Joseph H. Ehlers, Field Representative, terminates work Jan. 1956 44
Edward S. Kirkpatrick joins staff . . . 108
Secretary Wisely visits Latin-American Sections 537

Student Chapters

ASCE recognizes Student Chapter work . 397
Regional Conferences stress job opportunities 398

Technical Divisions

Construction Division News 690
Construction Division Survey studies project activities 108
Engineering Mechanics Division plans special program at Annual Convention . 540
Highway Division studies proposed road program 541
Hydraulics Division Conference at University of Wisconsin 394, 694
Program 465
Hydraulics Division organizes Task Force on Reservoir Sediment Distribution . 540
Irrigation and Drainage Division conference, in Spokane, Wash 768
Kansas City Conference appraises new member services of Technical Divisions 393
Pipeline Division begins operation . . . 841
Sanitary Engineering Division sets up board for certifying sanitary engineers . 43
Structural Division committees to recommend practice in reinforced concrete . . 692
Structural Division plans highway bridge program for Jackson Convention . . 836
Structural Division to aid in earthquake conference 260
Structural Division's Wind Forces Committee asks help on report 541
Structural program at Knoxville to be different 181
Waterways Division changes its name to Waterways and Harbors 261

Transactions

Available for 1955 44

Yearbook

Data requested 40

AQUEDUCTS

Colorado Aqueduct work speeded 782
"Colorado River Aqueduct capacity being doubled to fill needs until 1980," Robert B. Diemer 820

ARCHES

"Direct design of hingeless arches of constant section," James Michalos 461
"Direct design of two-hinged arches of constant section," James Michalos 33
Discussion by Mr. Michalos 321

ASPHALT

Asphalt Institute surveys turnpikes 337
Prefabricated asphalt lining for water tanks 340

ATOMIC ENERGY

AEC contract to aid Yankee Atomic project 484
Atoms for Industry spotlighted at Nuclear Engineering and Science Congress 53
Contract for new AEC headquarters 485
New facilities for AEC's Nevada test site . 856
Nuclear Notes:
XVII. Attenuation of photons in matter 58
XVIII. Calculations for design of shielding 122
Second Nuclear Congress slated for Philadelphia 618
Westinghouse active in atomic developments 485

ATOMIC ENERGY, Power Plants

AEC issues permits for private nuclear plants 409
England dedicates first atomic power station 777
First private atomic plant will be ready in 1957 268
Midwest utilities plan $45,000,000 Nuclear Power Station 780
Shippingport Atomic Power Station:
"Government cooperates with a private utility," R. B. Donworth 666
"Structural features of reactor plant," H. T. Evans 668
"Foundation and structural features of turbine-generator plant," William A. Conwell 674
"What is the future for nuclear power plants?" Nelson P. Jackson (Dec. '55) Discussion by Marvin Skodje 105

ATOMIC ENERGY, Reactors

Battelle Institute has atomic energy research center 119
Brazil orders atomic research reactor . . . 338
"High-density concrete for reactor construction," Harold S. Davis 376
Second steel sphere for atomic reactor . . 629

ATOMIC ENERGY, Shielding

"Metal lining fastened with power-driven studs," A. Pikoos 603

AUDITORIUMS

Detroit G. M. auditorium features welded spherical dome 193
Unusual type of convention center planned for Las Vegas 707
See also Domes, Stadiums

AWARDS AND PRIZES

Alfred Noble Prize to R. L. Bright 109
Hoover Medal for 1956 goes to Herbert Hoover, Jr. 694
Howard Langdon King and Harvey Slocum receive Moles Awards 198
King and Slocum named for 1956 Moles Honors 54
Moles announce their new award winners . 854
Ben Moreell, Hon. M., ASCE, wins John Fritz Medal 692
New West Coast Award honors construction men 272
Washington Award goes to Robert E. Wilson 325
See also ASCE Awards and Prizes

BEAMS

"Beam moment of inertia determined by table," John Webster Brown 830
"Corroded reinforcement destroys concrete beams," Carl L. Shermer 818

BOLTS, High-Strength

For Sheraton Hotel, Philadelphia 122

BRICKS

Increase in brick production reported . . 708

BRIDGES

AISC awards prizes for beautiful bridges opened to traffic in 1955 853
"Anchorages and superstructure of Walt Whitman Bridge" (Philadelphia), Homer R. Seely 94
Competitive bids taken for Philadelphia bridge 483
"Computing the properties of composite sections of highway bridges," Angel Villasor, Jr. 829
Connecticut begins long plate-girder span . 344
Delaware River bridge connects two turnpikes 55
"High-level cantilever to span Corpus Christi ship channel" Pat W. Clark . . . 150
Lake Pontchartrain Bridge completed . . . 706
Mackinac Bridge symposium:
"Designed for complete aerodynamic stability," D. B. Steinman 293
"Located with first-order precision," G. Edwin Pidcock 298
"Foundations constructed at record speed by unusual methods," R. M. Boynton 301
"Many unusual structures feature Penn-Lincoln Parkway" (Fort Pitt Bridge), Charles R. Way 651
Discussion of Fort Pitt Bridge and other truss-tied arches by Louis Balog 831
Discussion of similar Pjorsa Bridge, Iceland, by Liam F. Stephens . . . 832
New Bridges for Chicago's Northwest Expressway 338
New Carquinez Strait Bridge under construction 336
New Jersey authorizes building of Narrows span 269
New Missouri River bridge features curved girders 484
New San Francisco Bay crossing found feasible 118
Permanent Barnhart Island Bridge completed 54
"Pneumatic caisson pier for world's longest pipeline suspension bridge," John N. Newell 307
"Precast bridge units save time and reduce costs," E. F. Bespalow 734
"Prestressed-concrete superstructure for flood-wrecked International Bridge at Laredo, Tex." F. E. Koebel, Bengt Sonesson 166
"Prestressing restores weakened truss bridge in Birmingham, England," P. S. A. Berridge, Donovan H. Lee 578
Reconstructed Brooklyn Bridge receives award 484
Rhadames Bridge opened to traffic in Dominican Republic 200
Richmond-San Rafael Bridge is opened . . 705
Stainless clad steel stands up in bridge bearings 554
"The toughest part is under the river" (New Orleans cantilever bridge across Mississippi), Carl B. Jansen 82
Walt Whitman Bridge—another Delaware River crossing 628
"Welded-stud shear connectors for South Dakota Bridge," K. R. Scurr 362
Correction by Mr. Scurr 534
Wheeling Bridge to be rededicated as memorial to John A. Roebling 335
See also Highways

BUILDING CODES

ACI revises building code 266
Building code for Midwest 856

BUILDINGS

Armco to prefabricate truss-type steel buildings 121
Bolted building receives "Quiet City" award (Seagram Building, New York, N. Y.) 627
Chicago's tallest building 52
Contract for Newark insurance building . 121
"Earthquake forces in a tall building," Ray W. Clough 22
Discussion by R. W. Binder 275
Closure by Mr. Clough 276
"Economy plus architectural appeal with tilt-up construction" (Springfield, Mass.), A. George Mallis 580
"Factory-made prestressed-concrete girders trucked 90 miles to site" (Lone Star Cement Corp. building, Nazareth, Pa.), David P. Billington, Marvin E. Warner . 502
Ford Company to have new Los Angeles plant 410
GM Research Center—where today meets tomorrow 412
Huge plaza development for downtown New York 54
Modular Building Council endorsed by architects 706
New York Coliseum opens on schedule . . 335
New York's first stainless steel skyscraper dedicated (Socony Mobil Building) . . 777
"Rigid-frame raises questions as to standard design assumptions" (at Wilkins Air Force Depot), Edward Cohen 87
Discussion by Piotr Wertenstein . . . 274
Spectacular lights for Empire State Building 266
"Spherical lamella dome built in Wichita," David E. Stevens 80
Steel is placed in downtown New York skyscraper 344
"Trussed framing stiffens tall, slender building," Ross H. Bryan 522
"Welded framing for economical school buildings," Van Rensselaer P. Saxe . . . 508
See Auditoriums, Schools

CAISSONS

"Pneumatic caisson pier for world's longest pipeline suspension bridge," John N. Newell 307

CANALS

"Flood channel paved with asphaltic concrete" (San Fernando Valley, Calif.), Louis R. Hovater 795
"Increasing the capacity of the Panama Canal," Edward M. Browder, Jr. 571
Tribute paid to J. F. Stevens for Panama Canal work 483

CEMENT

Alpha Portland Co. to expand St. Louis plant 272
"Cement and concrete of the future," C. Witt 18

Cement plant to be built in Everglades . . . 629
Contract given for cement plant project . . 55
End of cement shortage forecast for this year 336
Lehigh Portland Cement to expand Iowa plant 55
New cement facility to be ready soon . . . 193
Portland Cement to open new offices . . . 626

CITY PLANNING

Miami undertakes big improvement program 272

COFFERDAMS

"Large rocks in river control works," B. E. Torpen 586
"Taming the Long Sault Rapids," John H. Patterson 366

COLUMNS

"Where should a steel column be spliced?" W. A. Andrews (June '55)
Discussion by Bradford C. Houser . . 105

COMPETITIVE BIDDING

"If the doctors were to engage in competitive bidding," J. Van Teylingen, William J. Wenzel 216
See also ASCE, Competitive Bidding

CONCRETE

ACI revises building code at 52nd annual meeting 266
ACI to have new headquarters building in Detroit 486
"Cement and concrete of the future," C. Witt 18
Committees of ASCE Structural Division to recommend practice 692
"High-density concrete for reactor construction," Harold S. Davis 376
"Rigid-frame failure raises questions as to standard design assumptions" (at Wilkins Air Force Depot), Edward Cohen . . . 87
Discussion by Piotr Wertenstein . . . 274
"Sonic method proves valuable for testing concrete specimens," C. C. Armstrong, R. B. Ulp, K. C. Larson, Jr. 750

CONCRETE, Precast

"Precast bridge units save time and reduce costs," E. F. Bespalow 734

CONCRETE, Prepacked

"Placing concrete in a deep mine" (in South African pump station), Bruce A. Lamberton 505

CONCRETE, Prestressed

"Factory-made prestressed-concrete girders trucked 90 miles to site" (Lone Star Cement Corp. building, Nazareth, Pa.), David P. Billington, Marvin E. Warner . 502
"Prestressed-concrete superstructure for flood-wrecked International Bridge at Laredo, Tex." F. E. Koebel, Bengt Sonesson 166
"Pretensioning wires in test beam curved by simple device," Merrill E. Crissey, Murray I. Mantell (Oct. 1955)
Discussion by R. L. Sanks 36
"Steenbras Dam strengthened by post-tensioning cables" (So. Africa), S. S. Morris" 75
"Wire and strand for prestressed concrete," H. Kent Preston 370

CONCRETE, Reinforced

"Corroded reinforcement destroys concrete beams," Carl L. Shermer 818

CONCRETE, Thin Shell

"Structures formed by membranes on coactive groin ribs," Paul C. Chelazzi 320

CONSTRUCTION EQUIPMENT

A.E.D. urges federal road program 269
Caterpillar Tractor to have Glasgow plant . 195
Chicago Road Show focuses attention on new equipment 778
Mechanization speeds New York building demolition 56
Mobile exhibit shows highway construction products 708
Multi-purpose machine aids difficult road-building job 487

CONSTRUCTION INDUSTRY

AGC-ASCE Joint Cooperative Committee meets 323
AGC holds 37th annual meeting in New York 192
Engineer-contractor group sees good year ahead 118
Seattle and Harrisburg engineering firms merge 628
Staff changes in AGC 408
Thomas Walsh, Jr., named president of the Moles 409

CONSTRUCTION MATERIALS

"Plastics—new and promising building materials," Albert G. H. Dietz 158

CONSTRUCTION METHODS

"Field control of earthwork," Paul K. Garber 444
Remote control TV helps supervise dam construction 710

CONSTRUCTION VOLUME

AGC predicts upswing in construction activity 414
Construction activity sets new record in 1955 for ninth successive year 116
Contractors foresee further construction increase 780
Current activity reported 52, 195, 267, 337, 406, 482, 551, 626, 704, 779, 852
Record construction total foreseen for 1956 . 549

CONTRACTS

"Contracting for consulting services," Nomer Gray 741

CORPS OF ENGINEERS, U. S. ARMY

Army to have more funds for Delaware River work 705
Contractors sought for Alaska projects . . . 198
Members aid in Columbia River review . . 196

CULVERTS

"Culvert and 30-ft fill solve bridge replacement problem," A. S. Krefting 390

DAMS

Bascule dam gates capture reserve water (York, Pa.) 270
Bid for Priest Rapids Dam project approved 485
Brownlee Dam—first Hell's Canyon Project 117
Giant machine sorts stone for rock-fill dam in Colorado 856
Ground broken for Cannonsville Project . . 52
Hell's Canyon ruling is upheld by Federal Court 779
Hiwassee Dam has largest reversible pump-turbine unit 408
Japan completes major power dam 334
Kaiser Company group to complete Australian Dam 626
"Large rocks in river control works," B. E. Torpen 586
"Steenbras Dam strengthened by post-tensioning cables" (So. Africa), S. S. Morris, 75
"Taming the Long Sault Rapids," John J. Patterson 366
"Ultra-modern construction plant for concrete dam 700 ft high in Punjab" (Bhakra Nangal Project), M. H. Slocum, B. R. Palta, co-author 512
Discussion by G. S. Sarkaria 755
U. S. and Mexico plan joint diversion dam . 196
Work starts on Glen Canyon Dam project . 780
See also Spillways

DATES

"Finding the interval between dates," Bonner S. Coffman 601

DOCKS

"Caissons and rigid frames combined in unique pier," Ralph E. Rubins 100
Driving of piles for huge Camden dock completed 629

DOMES

Detroit auditorium has welded dome . . . 193
Portable plastic dome features quick disassembly 855
"Spherical lamella dome built in Wichita," David E. Stevens 80

EARTHQUAKES

Earthquake engineering papers are available 556
"Earthquake forces in a tall building," Ray W. Clough 22
Discussion by R. W. Binder 275
Closure by Mr. Clough 276

EARTH MOVING

"Field control of earthwork," Paul K. Garber 444
"Seismic profiles speed quantity estimates for Massachusetts Turnpike," Vincent J. Murphy 374

EARTHWORK

"Nomograph determines earthwork quantities," Gerald H. Purdum 531

ECONOMICS OF ENGINEERING

"Intercommunication and the application of ideas—are these being engineered?" Milton Alpern 528
Discussion by S. K. Ghaswala 832
New group to study cost engineering . . . 627

EDUCATION

Better education for engineers urged at ASEE meeting 551
"Can high school students intelligently 'elect' courses?", K. S. Anderson 604
Discussion on value of constructive criticism in education, by Herman L. Danforth . . 36
"Engineering education—four-year course favored," E. R. Harrington 365
Engineering education studied at E.I.C. annual meeting 482
Engineering teachers urgently needed . . . 198
"The paradox of professionalism in engineering education," John B. Wilbur (Nov. '55)
Discussion by Edgar E. Foster 104
"Show us where we're going," H. Walter Anderson 280
See also Awards and Prizes, Engineers Council for Professional Development, and department, "New in Education"

ELECTRONIC COMPUTERS

"Electronic computers save time on traverses and earthwork," Sam Osofsky . . . 738

EMPLOYMENT

"Are employment conditions consistent with full professional stature?" (EJC report) . 380
"Do the oldsters want jobs? ESPS wants to know," William N. Carey 839
ESPS celebrates thirty years in San Francisco 183
"Mutual responsibilities of engineer employer and employee," Thomas B. Lee . . 744
Personnel problems studied by ESPS Board of Direction 619
"Responsibilities of the engineer employer," Harry Wiersema 678
See also department, "Positions Announced," and Engineering Societies Personnel Service, Inc., in each issue

ENCYCLOPEDIA

McGraw-Hill plans technical encyclopedia . 710

ENGINEERING FOUNDATION

Engineering Foundation grants go to 27 projects 395
More research funds available to Engineering Foundation 841
Sponsors study of storm surges 59

ENGINEERING MANPOWER

Cooper Union Convocation studies shortage of engineers 777
Engineer shortage reported increasing . . . 852
Shortage of scientists and engineers studied at Edison Foundation Institute 55
See also Engineers Joint Council

ENGINEERING SOCIETIES CENTER

Architects named for Engineering Societies Center 840
ASCE Board of Direction approves New York for 538
New York recommended for 474

ENGINEERING SOCIETIES LIBRARY

Increased use of E. S. Library noted . . . 324
Issues bibliography on machinery foundations 44
To have technical book exhibit 324

ENGINEERS AND ENGINEERING

"Civil engineers can write—history says so," Walter James Miller 805
"The engineer in public life," Raymond R. Tucker 5
"Seven Wonders" program arouses nation-wide interest 108

ENGINEERS COUNCIL FOR PROFESSIONAL DEVELOPMENT

Issues Annual Report 324

ENGINEERS JOINT COUNCIL

"Affiliate Membership in EJC evaluated," E. Paul Lange 596
"Are employment conditions consistent with full professional stature?" (EJC report) 380
EJC compiles directory of engineering societies 260
EJC Directory of all engineering societies . 474
EJC establishes monthly newsletter . . . 841
EJC names new president 107
Engineering manpower to fore at EJC Assembly 182
Proceedings of EJC assembly available . . . 474

ETHICS, CODE OF

See ASCE, Ethics, Code of

FILMS AVAILABLE

ASME movie available 200
See also ASCE, Films Available, and department, "Films Available"

FINANCING

"Public utility financing—a professional responsibility," Wendell Beard 224

FLOOD CONTROL

Heavy floods devastate three Western States 116

FOREIGN ENGINEERING

"Caissons and rigid frames combined in unique pier," Ralph E. Rubins 100
"Caracas water supply listed 3,125 ft over divide," J. G. Pieretti, E. C. Cole 810
"Cathodic protection for pipeline across Arabian Desert," Kenneth R. Wright . . 289
Chile receives U. S. funds for nitrate plant expansion 707
Engineers chosen for Jordan-Arabia Railroad 707
Europe to build more expressways 410
Export-Import Bank loan for Philippines . 268
Germany and Austria build Danube hydro plant 854
"Irrigation systems in Algeria designed to save water and labor," M. R. Lewis . . . 163
Italy makes plans for Milan-Naples highway 704
Japan completes major power dam 334
Kaiser Company group to complete Australian Dam 626
"Napal's water supply problems reviewed by an American engineer," K. C. Lauster 226
"New civil engineering projects in colonial countries," S. B. Hamilton 632
Peru completes large irrigation project . . . 198
Rhadames Bridge opened to traffic in Dominican Republic 200
"Ultra-modern construction plant for concrete dam 700 ft high in Punjab" (Bhakra Nangal Project), M. H. Slocum, B. R. Palta 512
Discussion by G. S. Sarkaria 755

FOUNDATIONS

"To save school construction dollars look to the foundation," Arthur G. Beaulieu . . 357

GAGES

"Two useful gages measure bolt tension and slip in a joint," R. L. Sanks 754

GARBAGE DISPOSAL

Factory converts garbage into fertilizer . . 855

HANGARS

"Cables support cantilevered hangar roof," Donald R. Pierce 806
"Double-cantilever hangar encloses 3½ acres," Edwin M. Eads 317
Large aircraft hangars reroofed with aluminum 486
Philadelphia Airport to have unique hangar 120
West Coast hangar features clear-span construction 338
World's largest repair hangar nears completion 269

HELIPORTS

New York City to have its first commercial heliport 626

HIGHWAY RESEARCH BOARD

Highway Research Board holds 35th annual meeting 119
"Results of WASHO Road Test," W. N. Carey, Jr. 1

HIGHWAYS

ARBA's 54th Annual Convention 117
ASCE urges selection of experienced Federal Highway Administrator 618
Central America pushes Pan-Am highway work 270
Chicago Road Show focuses attention on new equipment 778
"Contracting for consulting services," Nomer Gray 741
"Electronic computers save time on traverses and earthwork," Sam Osofsky . . . 738
"Highways of the future," Enoch R. Needles 501
Local Sections support ASCE highway resolution 259
"Many unusual structures feature Penn-Lincoln Parkway," Charles R. Way . . . 651
Discussion by Louis Balog 831
Discussion by Liam F. Stephens . . . 832
New ARBA road show planned for 1957 . . 552
"Pittsburgh plans arterial highway routes," Joseph Barnett 646
"Precast bridge units save time and reduce costs," E. F. Bespalow 734
"The problem of construction plans and specifications," Richard A. Haber . . . 731
Bertram Tallamy named Federal Highway Administrator 776
Tennessee plans 65-mile system of expressways 855
See also AASHO Road Test, Bridges, Highway Research Board, Pavements, Toll Roads, Tunnels

HIGHWAYS, Act of 1956

"Multi-billion-dollar federal-aid highway program takes shape," C. D. Curtiss . . . 729
The national road program—a challenge and an opportunity 548

HISTORY OF ENGINEERING

"Seven-million dollar water works serves less than a thousand people" (Virginia City, Nev.), C. E. Painter 582

HOUSING

1955 was second best year in homebuilding . 196
August housing starts remain at July level . 780
New housing starts decline in July 708

HYDRAULICS

ASCE Hydraulics Division Conference at University of Wisconsin 394, 694
Program 465
"Large-scale flume at Waterways Experiment Station," G. B. Fenwick 11

HYDROELECTRIC POWER

American Gas Co. plans giant generating units 407
"Canadian power development at Niagara Falls nears completion," Otto Holden . . 6
Clifty Creek power plant goes on line . . . 337
Germany and Austria build Danube hydro plant 854
New electric power plant to be built in Indiana 704
North Carolina dedicates big power development 409
"Northwest river development gains from private power investment," E. Robert de Luccia 746
Passamaquoddy survey bill signed by President 196
